Model#: Viper

The Viper is a Vandalproof Infrared Dome Camera that will throw out infrared light up to 75' away. The Viper is a True Day/Night Camera with an automatic infrared cut filter that will ensure a sharp, clear image under normal lighting or even at night under infrared lighting. There is no focus shift like lesser infrared cameras.

The Viper has a 3-Axis mount that allows mounting in almost any position or configuration. The Viper has a 1/3" SONY Super HAD II Camera that delivers 580 lines of resolution, and a 4-9mm Varifocal Lens.

The Viper is IP66 Rated and can withstand water spray with no damage.
